

Carbon Coated Urea™ as Carbon King™

KEY POINTS

- Increases soil carbon levels for energy, water and nutrient holding capacity
- Increases the ability for plants & turf to resist pest and disease attack
- Greater biological activity in the soil promotes availability of both target and other tied-up nutrients in the soil
- Carbon King Urea™ secures Nitrogen within the soil, reducing volatilization and leaching by up to 30 % of standard Urea
- Carbon King Urea™ increases energy, water and nutrient holding capacity

*Improved soil health reduces input costs through efficiency.

TYPICAL ANALYSIS (w/w)

Nitrogen	46%
Carbon	21%

STORAGE STABILITY

C-C-U unique coating increases product storage & stability.

PRODUCT SPECIFICATIONS

Slow release 2-4 mm Granules

QUANTITY SIZES (PER 1000KG)

Loose Bulk • 1t Bulk Bags • 25kg Bags • 20kg Bags

Manufactured by FertPro Manufacturing Pty Ltd
